i loved max. he may be a big name in hollywood but he's not too important to come back home to care for his mother. he's also going to use this time to see raine again and get to the bottom of what happened fifteen years ago. he had been deeply in love with her and they had made big plans to be together. when she ignored his calls and letters he had been devastated, but he's never forgotten her. i loved the way that he showed up at her house during the storm to make sure that she and her baby were okay. he didn't expect to get snowed in with her, but he had no trouble taking advantage of it. it was really fun to see the way he was rather out of his comfort zone at first. baby abby really scared him because he had no clue what to do with a baby, but he sucked it up and did whatever he could to help raine. it was fun to see him cope with the dirty diapers and the crying, and see how quickly he fell for her. i also loved the scenes with the chickens and goats - he was such a good sport about it. what i loved the most was max's persistence in getting raine to tell him what had happened. i wasn't at all surprised by the revelation. once they had that straightened out, things really heated up between them. max realized he was falling for raine all over again, but couldn't figure out how to fit their lives together. it really looked like he was going to walk away again before he figured out what was really important.

raine has made a good life for herself since max left. she never understood why he didn't follow through on his promises to send for her, but she has moved on. when he shows up back in town she is determined not to reopen the pain of the past, especially since she has a secret that she doesn't want to tell him. i really liked the way that she took control of her life, even though her parents are still trying to run things their way. she is completely confident in her choice of what makes her happy. i also loved the way that she is adopting her cousin's baby girl. she really wants to be a mother and baby abby has brought a whole new dimension to her life. i enjoyed the realism of her life with the baby, from the lack of sleep to trying to work her life around the baby's schedule. she's not really happy when max ends up getting snowed in with her, because she's not sure that she can resist him. when he starts to fit in to her life so easily she knows she's in trouble. she was devastated when she found out just what had kept them apart all those years ago, but it did open her up to letting max back into her life. she was really worried about protecting her heart because she knew that he would have to go back to california and her life is in lenox. she can't see any way of things working out for them.

one of the other things i really enjoyed about the book was seeing how max's love gave raine the courage to confront her parents about what they had done all those years ago. they were a real piece of work. i also loved seeing max get in his own licks against them at the end - it was so satisfying! ...more flag 6 likes · like · see review view 1 comment dec 12, 2013 deserate rated it it was amazing · review of another edition being trapped with a sexy billionaire is not something that happens to a lot of woman but yes it is indeed something a lot of woman dream about!

but when that billionaire is your ex things can get super uncomfortable and is rather something you would want to avoid , especially if the attraction to him is harder to ignore than grabbing that slice of pie you know you shouldn&apos;t!

in the new jules bennet book this not only exactly what happens to raine but she has a whole lot more at stake that she is being trapped with a sexy billionaire is not something that happens to a lot of woman but yes it is indeed something a lot of woman dream about!

but when that billionaire is your ex things can get super uncomfortable and is rather something you would want to avoid , especially if the attraction to him is harder to ignore than grabbing that slice of pie you know you shouldn't !

in the new jules bennet book this not only exactly what happens to raine but she has a whole lot more at stake that she is willing to reveal. only max is out for revenge and that revenge includes getting the answers he needs in order to move on. but when secrets are revealed this reunion becomes more complicated then trying to get out after being buried under snow!

i adore the books this author writes, her characters are always extremely life like and so vividly described it truly feels as if they are in front of me and i can reach out grab them and slap some sense into their complicated lives.

this book was no exception, jules bennet took me on a journey of secrets, passion and love being found at the right moment in time all captured with stunning detail.

if you are looking for romance with a capital r, blazing red hot passion, secrets that can destroy lives or even change them for the better this read is as good as it gets!

definitely the book to keep an out for, best sellers list watch out jules bennet is on your tail!

this is a great book that i reread today but i didn&apos;t realize i omitted reviewing it the first time through.

we have max the hollywood heartthrob movie star and raine who was the love of his life. when max left for la when he graduated high school at eighteen he was going to set up house and send for raine and they were to marry. they had such a deep love and connection and what happens to them is truly heartbreaking. fifteen years they have been apart. she thinks he never called for her to come to him and he believes she had changed her mind and didn't want him anymore. this was kinda a tear jerker with a lot of emotion, not the type of book i could read everyday because i get too emotional.

it's an excellent story fraught with heartache and grief and a set of parents intent on making their daughter live the life they want her to have for their own gain and at any cost. it is truly horrific. the parents are the worse book parents i have ever run across and it hurt my heart for what they did to this couple. i actually felt a deep grief for what they went through, for how devastating it would have been in a real-life scenario.

another great book ms bennett. i highly recommend this! ...more flag 3 likes · like · see review jan 22, 2014 lisa rated it it was amazing · review of another edition shelves: earc, kindle this is a really heart wrenching reunion story. when max and

i recommend this book.

i enjoyed this book by jules. this book includes passion, laughs, heartache, pain, and betrayal.

max is back in town to help take care of his mother but who does he come across first thing but his first love raine.

raine is working hard trying to keep afloat with bills and her baby after her parents more or less cut her off. she does not need max to start stirring up old feelings. after he left her behind what does he re my review 4.5 star review – snowbound with a billionaire

i recommend this book.

i enjoyed this book by jules. this book includes passion, laughs, heartache, pain, and betrayal.

max is back in town to help take care of his mother but who does he come across first thing but his first love raine.

raine is working hard trying to keep afloat with bills and her baby after her parents more or less cut her off. she does not need max to start stirring up old feelings. after he left her behind what does he really want with her?

max is wondering why raine cut him out of her life. he wants answers to be able to close that chapter of his life.

will they each find out the answers to what happened years ago? will they even be happy with the answers that if they do find out? will they be able to move forward with a relationship or are they just fooling each other? is it time to let go and finally move on to something new?
